ABSTRACT

A 1983 directory of secondary summer migrant programs, intended for homebase local information agencies, contains information on programs in 15 states. Listings by states give the name, address, and telephone number of the person in charge of the state's migrant education programs, then provide information on individual programs, including district, school site, site director and telephone number, home visitor and telephone number, opening and closing dates, whether food/transportation are included, and a section for comments. The comments section gives specific information on hours, courses offered, and credit. Washington lists 11 programs; Colorado 10; Illinois and Minnesota 9 each; and Michigan, Oregon, and Wisconsin 7 each. Ohio provides four programs; Idaho, Indiana, New York, and Wyoming three apiece; and Arizona, Montana, and New Mexico one each. The address and telephone number of the Texas Migrant Interstate Program are included for those wishing additional information. (MH)

RC014347

The information in this directory was compiled by the coordinated efforts of the Texas Migrant Interstate Program, the Interstate Migrant Secondary Services Program, and the cooperation of all the states represented.

In order for homebase local education agencies to utilize this information effectively, it was necessary to disseminate this directory before the heavy migration period. This resulted in obtaining tentative project sites, personnel, and telephone numbers. Should you find it necessary to contact this office for additional information, please feel free to do so.
